

Report on workshop on

Entrepreneurship Development with Drone Technology and Artificial Intelligence in collaboration with Yuvaan Educative LLP

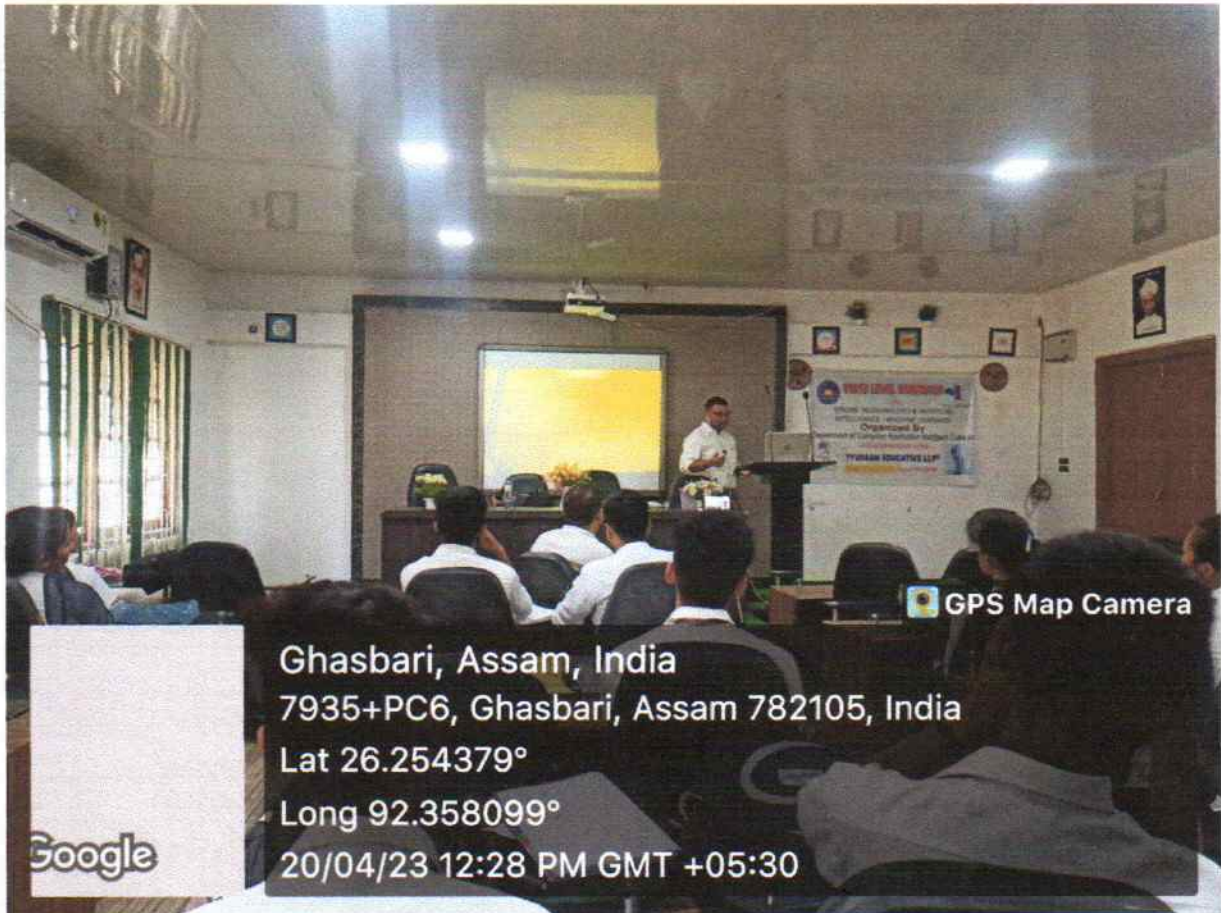

Date: 20-04-2023

A workshop on “Drone Technology and Artificial Intelligence (Entrepreneurship Development)” is held on 20-04-2023 at the Conference Hall, from 12 PM onwards, organized by Department of Computer Applications, Morigaon College. The workshop was conducted in collaboration with Yuvaan Educative LLP, Silpukhuri, Guwahati. The resource person of the workshop was **Siddhartha Sen** from Yuvaan Educative LLP. The inaugural lecture is delivered by Dr. Lila Kanta Barthakur, Principal, Morigaon College. The workshop started with introduction to Artificial Intelligence and Drones, they have demonstrated some specific applications of AI such as expert systems, speech recognition and machine vision. A demonstration on Drone and its Applications was given where they also explained the future scope of AI and Drones. During the workshop, the participants learned the basic knowledge about drone technology. There were around 48 students that participated in the workshop.

The workshop covered a wide range of topics and explored the possibilities and challenges associated with the use of drones. The session also focused on building a comprehensive drone ecosystem, emphasizing the importance of technology in shaping the future. Speakers at the workshop shared a vision and an atmosphere of enthusiasm and optimism for the future. Faculty members actively participated in interactive sessions with speakers, asking appropriate questions and engaging in stimulating discussions. The exchange of ideas fostered a collaborative atmosphere and deepened everyone's understanding of the diverse applications of drone technology and artificial intelligence.
