Sub: Permission for Conducting Workshop on 11 – 09 - 2021

Respected Sir,

It is immense pleasure to me that the department of chemistry want to organize a departmental Workshop on “**We Need an Entrepreneurial Culture in Chemistry: Become a Chemistry Entrepreneur**”. The speech will be delivered by Dr. Rituraj Das.

The Schedule of the programme as Follows:

- Opening remarks and about the workshop: By Dr. Swagata Baruah at 11am.
- Chair person: Dr. Arunima Sarma, HoD Chemistry.
- Deliberation of Speech by Speaker: **Dr. Rituraj Das.**
- Interaction session.
- Vote of Thanks: Dr. Murshid Iman

Workshop Report

A ONE DAY WORKSHOP ON
We need an **Entrepreneurship** Culture
in Chemistry: Become a **Chemistry Entrepreneur**

Speaker
Dr. Rituraj Das
Research Scholar
Department of Chemical Sciences, Tezpur University, Assam

Venue: H1 Hall, Science Block, Morigaon College; Time: 11 am
Date: 11/09/2021

Organized by - Department of Chemistry, Morigaon College, Morigaon, Assam

Topic: “*We Need an Entrepreneurial Culture in Chemistry: Become a Chemistry Entrepreneur*”

Resource Person: Dr. Rituraj Das,
Department of Chemistry,
Tezpur University

Date: 11-09-2021

Venue: H1 Hall,
Department of Chemistry,
Morigaon College

A brief report on discussion and Interactions:

In the series of various academic activities departmental one day workshop was presented by the department of Chemistry, Morigaon College on 11th September, 2021 at 11am to 2 pm.

The presentation of topic entitled "*We Need an Entrepreneurial Culture in Chemistry: Become a Chemistry Entrepreneur*" by **Dr. Rituraj Das, Department of Chemistry, Tezpur University, Assam**

The faculties present from Morigaon College, Jagiroad College and Students from Science and commerce streams were actively present for the workshop. The workshop was conducted in the seminar hall and it commenced sharp at 11am. The faculty from the department of chemistry welcomed everyone and gave a brief introduction about the subject.

This workshop was treats several aspects of Chemistry is associated with more than 96% of all the world's manufactured goods today. Over the last 25 years, there has been an explosion of innovative and disruptive chemistry companies entering the market and using chemistry to create products ranging from food, beverage, supplements, biofuel, drugs, diagnostics, and skin care, naming a few. Chemists are naturally looking to do something that has never been done before, so the ideation and innovation process comes naturally. Many chemistry entrepreneurs come not with creating an idea but also turning that idea into a successful, thriving business. Great chemists and entrepreneurs learn to harness failure by learning from their mistakes. When it comes to chemistry and research, chemists seem to understand the link between failure and success. Some of the biggest commercial success stories in the field of chemistry started as accidental findings from failure..

Total 40 were present for the workshop and among them 32 nos. students. There attendance sheet is attached in a separate sheet attached with the file.
